ANGUS & SIMANGUS BULL SALE

DECEMBER 12, 2018 • 2:00 P.M.

AT THE RANCH • LUDLOW, SD

Selling 75 2-year-old Angus Bulls & 24 SimAngus Bulls

GENERAL INFORMATION

SALE DAY PHONE:

701-206-0166 - Chad cell
701-206-0183 - Michelle cell

AUCTIONEERS:

Seth Weishaar • 605-892-2640 • Cell 602-210-1124

REPRESENTATIVES:

Kirby Goettsch *Farm & Ranch Guide* 605-380-3939
Chris Effling *Tri-State Livestock News* 605-769-0142
Jared Murnin *Western Ag Reporter* 4063211542
Tony Heinz *Cattle Business Weekly* 701-400-4435

HEALTH:

At branding time, calves receive Inforce 3 Intranansal, Vision 7, Once PmH and injectable Dectomax. At weaning these bulls received Vista once, SQ and Vision 7 with Spur and were poured. They were boosted a month later. We also vaccinate with Multimin supplement for additional copper. These bulls have been poured with Ivomec several times. Health certificates will be provided, if necessary.

TERMS:

Cattle will sell under the suggested Terms and Conditions of the American Angus Association (http://www.angus.org/Pub/suggested_sale_terms.pdf). All cattle will be at the purchaser's risk as soon as sold.

BRAND INSPECTION:

A brand inspector will be available sale day.

DELIVERY:

As in the past, we are offering free delivery on all the bulls in the sale. You are welcome to take your bulls home sale day, however it would be our pleasure to keep them until April 1st and then deliver them to you. We would enjoy the opportunity to spend some time with you individually and see your operation.

COMPLIMENTARY LUNCH:

Please join us for lunch starting at 12:00 noon sale day.

REGISTRATION:

All of these bulls have been genomic tested or parentage tested through the American Angus Association. If you would like your purchases transferred in your name, let us know. We would be happy to do this for you. The American Angus Association is developing programs to help you market progeny from registered bulls. In order to qualify for programs, your herd bulls need to be transferred into your name. If you have questions about these programs or transferring papers, please ask, we will be glad to help.

ANNOUNCEMENTS:

Announcements made sale day take precedence over any printed material.

ANY PERSON ATTENDING THE SALE DOES SO AT HIS OWN RISK. Neither the owners, nor any person connected with this sale assumes any liability, legal or otherwise.

HOST MOTELS:

If you are in need of hotel reservations, please let us know. We have several new hotels in the area and would be happy to assist you with any reservations.

RANCH LOCATION:

The ranch is located one mile south and three miles west of Ludlow on Welch Fire Place Road OR 19 miles north of Buffalo and three miles west on Welch Fire Place Road.

I would like to invite you to our 26th Annual sale. This is an exciting sale for us with some big changes. I hope making the move to a December sale will have many advantages for everyone involved. It's our hope to avoid some difficult weather and spring responsibilities. Feel free to come make your bull selections now and avoid the hassle in the spring. I will keep your bulls until April 1st, semen test them and deliver right to your place **FREE OF CHARGE!!!**

I would also like to introduce my no problem guarantee. If you don't like him, I don't like him. No more insurance paperwork and the hassle of dealing with someone else. I will take care of it to your satisfaction.

I encourage you to come anytime to view the bulls. If you can't make it to our sale, I would be happy to help you with your selections and give you a sight unseen guarantee. Or please come ahead of time and pick them for yourself. We will have reliable sale personnel to take bids over the phone. I will have videos of some of the bulls on Facebook and our website leading up to the sale.

I hope you can join us for lunch at noon. The sale will start at 2 pm MT. There will also be refreshments and social following the sale.

Thank you for your consideration.

Chad

RON FRYE | MARKETING

Welcome to the Annual Spruce Hill Ranch Bull Sale. Remember two important changes, we are at the ranch like we were this past February and a new fall sale date. We hope this new date is a little more user friendly for everyone. The Rotenberger family has added a couple of things that should make this new date work better for those participating in the sale. The first is the wintering of the bulls until April first free of charge. Secondly the delayed purchase agreement that allows you to pay for your bulls after the first of the year.

The bull business carries a certain amount of pressure. You must be a great judge of cattle, understand the nuances of breeding purebred cattle. Understand how to match the genetics you've chosen to the environment in which you live. You must be a master communicator, or at least be able to communicate your vision to those who are interested in your program. I think it's the vision part that sets a breeder apart. It's the ones that are always a step ahead, who have already decided what a female is capable of before she even hits the ground. They see the future so clearly. I think you're at one of those places. They have a passion for the purebred cattle business here. They enjoy selling bulls! They enjoy learning about those they sell bulls too, their families and their operations. How you the commercial cattleman markets his or her cattle. There is great respect and appreciation given to the Spruce Hill Ranch customer.

Once again this is an exciting set of bulls to help market. Big stout, the rancher kind. The ET program here is special. Each year the contributions to the Bull Sale from the ET program are substantial. Two sires that have progeny in this year's sale are a direct result of the ET program.

If I can be of any help as you prepare for this sale or if you're not able to be with us sale day please give me a call.

All the best,

Ron Frye

Spruce Hill Ranch

Spruce Hill Ranch est. 1971
By Dr William Rotenberger

In 1971, my family moved to Bowman, ND after I served 2 years in the Army Veterinary Corps. I purchased the "Tree Farm" from John and Ester Brown. John & Ester were originally from the South Cave Hills of Harding County SD. A cement step on the premise had the inscription Spruce Hill etched in it. This is how the Spruce Hill Ranch originated. At this time I had several registered Angus cows in a partnership with my brother. The first bull Charlie & I purchased was Marshall Pride 274 "Tex" from the Erdmann Ranch, Watertown SD.

During the years the cattle operation grew and I had yearling bull sales. The most notable was a bull I raised and called Candyman. He was a Candolier Forever 376 son who is the sire to the dam of our good donor cow Spruce Hill CandyRita 7158. I sold him to Wayne & Keith Stevenson, Gartner-Denowh and John Hamilton from Cedar Hills Ranch. At the time, I was also involved in Fabulous Females ran by Ben Lawson.

In 1978, I had the opportunity to purchase the Roger Gabbert/Henry Biel herd. It was a large herd so Wayne Brooks (now Brooks Chalky Butte Ranch) and I split the herd. We split it in two groups and then drew cards to determine the pick. I drew a 7 and Wayne drew a Jack.

In 1984, I was fortunate to purchase the current ranch location in the North Cave Hills of Harding County, SD. It was owned by Neal & Alice Ketchum. Ironically, the ranch is in the same area as the original ranch owned by John & Ester Brown, who we purchased the Tree Farm in Bowman from.

In 1988, I was offered the position as the ND Deputy State Veterinarian. I kept the ranch but dispersed the cow herd. Several cows were purchased by the Krebs Ranch of Nebraska. One cow became a donor and subsequently sold to Circle A Farms of Missouri.

During the time in Bismarck, I maintained a small group of cows. Chad was active in exhibiting and judging livestock. One of his show highlights was participating in the National Junior Angus shows. Chad was then chosen to be on the National Junior Angus board and served as chairman of the board.

In 1995, upon completion of his degree in Animal Science from NDSU, Chad returned and took over the ranch operation. It was at this time we began to sell two year old bulls. We purchased several females to add to our herd. Most notably were the females we purchased from Elwood Anderson in his dispersion. One of those cows became a major donor. Fortune 6156 Lady 916 EA lived to be 19 years old and had a calf on her right up through her last summer.

In 1998, the ranch acquired a full time manager. Chad married Michelle Olson from Malta, MT. The "team" continued to grow with the addition of Madison (2001), Molly (2003) and Riggs (2005).

Over the past 20 years, we held the sale in St Onge SD, Bowman ND & now at the ranch in Ludlow SD. Since those first years many things have changed in our program, with our genetics and around the ranch. We not only grew as a family but also within our business. I take great pride in being a family operation offering a better product year after year.

We hope you will join us Wednesday, December 12th, 2018 here at the ranch for our 26th Annual Bull Sale.

Thanks for your time.

Dr. Bill

Cowboy Up drew national acclaim in the spring of 2016 as the top selling bull in the Angus breed that spring. He was a bull that had it all an exceptional epd profile and a stunning phenotype. Breeders from across the nation jockeyed for position to own this great herd bull prospect but in the end Express Ranches and Wilks Ranch teamed up and purchased the young sire for \$350,000. We were fortunate to get some semen that first year a plug Cowboy Up into our ET program. The Cowboy Up Sons will not disappoint the buyers on sale day. He worked very well here. Much like the Wide Open sons that lead off our sale a year ago these bulls are stout! Cowboy Up breeds style and power into his calves we think you'll be impressed.

Lots 1-2-3

This is a powerful set of flush brothers. They are sired by the widely popular HA Cowboy Up and our most prolific donor cow 3104. This makes them maternal brothers to our herd sires Spruce Hill Rio 9209 and Spruce Hill War Party 417, who was the high selling bull in the 2016 sale to Gilbert Angus. All three have tremendous personalities, nearly perfect foot shape and should sire excellent replacement females and market topping steer calves.

Lots 4-5

Another set of Cowboy Up's. Their mother 916 was a selection out of the Elwood Anderson dispersion. She is a tremendous producer for us. She had her 18th calf this spring at the age of 20. We have used several sons including Spruce Hill Ahead A Time 104 who is the sire to several donors. Included in this is 3104, the dam to several bulls in this sale including Lot 1, 2 & 3.

Wide Open was our pick of the 2015 Hilltop Angus sale. We were fortunate to partner with JRJ Elite to make him the \$70,000 top selling bull. His first progeny highlighted our February 2018 sale, where he produced the top selling sire group and the top selling bull. Wide Open is everything we hoped he would be, a big stout bull that ranks in the top 1% for YW and \$F. A herd bull that ranks in the top 2% for docility and in the top 20% for many traits that are important to those who ranch for a living. He has a line bred predictable pedigree for high performance and maternal genetics. Wide Open is a true performance bull and his gain ability is off the charts. His epd spread from birth to yearling growth combined with maternal and carcass traits make Wide Open one of the most user friendly bulls in the breed today.

Lots 12-13

A pair of Wide Open sons to start this sire group that are similar in many ways. They are top performers and out of paternal sisters. These two are heavy scale pushers, naturally thick and have that extra look.

Another great mixture of breeding. This Wide Open Son is out of a full sister to Spruce Hill 417. His dam 49 is as deep bodied and easy fleshing as you can make one. She is perfect uddered and has the best personality. She will be in our ET program next year.

417 is a very special herd bull for us. Produced in the Spruce Hill ET program, his dam is one of are very top donors. The War Party line of cattle did a sensational job here, he was a bull that worked on almost any mating. His progeny were big stout bulls that fit what ranchers in the Western Dakotas looked for when purchasing an Angus bull. Big stout, long bulls that were full of red meat. We choose 417 to carry on the War Party line. One of the best bulls ever produced at Spruce Hill. Don't miss this sire group sale day!

The kids always ask me "which one is your favorite"? The politically correct answer is "all of them" but this one is right at the top. He has a little different pedigree with PA Power Tool on the bottom. He is a standout from every angle, in person and on paper. He is well balanced, smooth fronted, thick topped, open in his rib and travels on perfect feet & legs. He has excelled on weigh days and his mother is my favorite of the 2015 models.

Lot 22

Here is another 417 with a tremendous personality. 7313 is Michelle's favorite buddy. This bull is super long spined with that extra muscle from front to back. Touch of white in front of his scrotum.

Thrive is a Rainmaker 11127 son that we kept for our in-herd use. This Rainmaker line of cattle has worked exceptionally well here at Spruce Hill. They have added performance and carcass to a very maternal line of cattle. Thrive was bred in our E.T. program, out of our favorite donor Candy Rita 7158. We think you will like this set of sons sired by Thrive, they are thick, moderate framed bulls that stand on a big solid foot.

Disposition & Foot Score

All the bulls have scored for disposition and foot shape. I know the importance of these two traits first hand. With a family operation, everyone here has direct contact with these bulls. We all must be able to walk through the pens, bring them up to the chute and handle them on a daily basis. They have been scored for disposition on an A-B-C format. Anything with a C score or below has been removed from the sale. The same with the foot score, bulls were scored on a 1-2-3 system with all the 3's taken out. As everything, this is not a completely fool proof system but I hope it will help you in making your selections.

What condition should my bulls be in??

We hear all the time "I don't want to buy a fat bull". There is a difference between a "fat" bull and a bull in proper condition for turn out. In college I worked for a man that told me "results are accomplished by opportunity and potential". You have to have the genetic potential and provide the feed opportunity to get the growth results you want. With that being said, at weaning our bulls are put on a ration to gain 2.5 lbs per day until their yearling weigh date. The ration is designed to allow the bulls as a contemporary group to express their genetic potential for gain. We understand that this is an average, some gain more and some gain less, which helps isolate the bulls that excel. This is the basis for the American Angus Association's ratio system which translates into EPD's.

So how does this affect individual condition? With this ration, we can see which bulls have continued to grow in their skeleton or mature & begin to increase their body condition. Which one is best? This is a decision you will have to make for your individual operation. In my opinion, there is a happy medium. Bulls that are heavy on weigh days and are still big enough without being fat are ideal. They are more likely to sire females that can maintain their condition under environmental demands and still sire steer calves that will excel in the feedlot without getting too fat too soon.

We've used Rio for a few years and have been very pleased with the progeny. Rio is a maternal brother to Spruce Hill War Party 417, who also has sons in the sale. For those of you that like Angus history this pedigree is full of elite Angus sires and dams. The daughters are, as you would expect, making exceptional cows.

SPRUCE HILL 383 LADY 5117
GRAND DAM OF LOT 59

Proven producing dam to our in herd sire Spruce Hill Thrive 335. She consistently makes sons that are at the top of the sale order. This year she has four sons by Vision Unanimous and PVF Insight along with grandsons by Hilltop Wide Open and Hilltop Advance. She has a solid data advantage: weaning ratio at 111, yearling ration at 108, 12 progeny with 114 IMF ration and 105 RE ratio.

DONOR DAM OF LOTS 64, 65, 66 & 67

This donor has done incredible things for us. She is sired by Spruce Hill Ahead A Time who is a Connealy Leadtime son out of our donor cow Fortune 6156 Lady 916 EA. Maternally she is backed by two of the breeds premier cow producers Candolier Forever 376 and QAS Traveler 23-4. She has produced two in herd sires for us, Spruce Hill Rio 9209 and Spruce Hill War Party 417. She has seven sons in this sale including sons of HA Cowboy Up, PVF Insight and SAV Recharge.

SIM-ANGUS COMING 2-YEAR-OLD BULLS

SPRUCE HILL 024
DONOR DAM OF LOTS 77 - 80, 86 - 89 & 91

Starting her career in a show halter, she has developed into an intrigued part of our Sim-Angus program. She is massive in her body part, perfect uddered and has a wonderful disposition. All these reasons lead her into our Embryo Transplant program.

Arnie is an 8 year old home raised gelding, I purchased his dam when she was in foal with him. He's a big horse at nearly 16 hands and 1250 lbs. He's been ranched on a lot and pasture roped on, mostly doctoring bigger critters. He has also drug calves and been sorted on plenty. He's naturally cowy and can cover the country.

He's not an "in ur pocket" type but by no means ornery. I won't say he's for everyone but any good cowboy that still uses horses would love him. I've flagged a number of rodeos and drove longhorns thru downtown Belle Fourche on the 4th of July. He has a wire scar on the right front coronary band but it's completely superficial. He sells 100% sound. Trims good, never been shod, loads good. A darn nice Ranch gelding.

Sonny is a 9 year old been there, done that gelding. We bought him as a weanling and he's always been good to be around. Safe for everyone with a willing disposition and gentle nature. He has been ranched on extensively, dragging calves at branding, sorting in the alley and out in the pasture. He has roped hundreds of calves to tag out in the pasture and doctored many big critters as well. He was my daughters goat tying horse for several years and a friend of ours won multiple goat tying jackpots on him. He's been started in the heading box, turned a few steers and shows a lot of potential there. I just can't say enough good about him. He been hauled a lot, shoes easily and has a current coggins.

Driving the science of better breeding

There's little room for error in the cattle business. Producers need the most advanced information to make smart selection decisions, and Angus Genetics Inc. (AGI) provides it through genomic-enhanced expected progeny differences (GE-EPDs). EPDs that traditionally contained all pedigree, performance and progeny information now also include results from available genomic, or DNA, tests. Breeders who use genomic technology give buyers access to AGI-generated GE-EPDs that provide:

Increased predictability and decreased risk for young and unproven animals due to enhanced accuracy of EPDs

Better characterization of genetics for difficult-to-measure performance traits (such as carcass traits, maternal traits and feed efficiency)

The ability to make more rapid progress for traits that are important to you, due to:

- more accurate selection
- easier identification of genetic outliers
- the ability to propagate young animals with confidence earlier in their lives

In fact, GE-EPDs on unproven animals have the same amount of accuracy as if they had recorded 8-33 calves, depending on the trait. That's valuable insight, offered regularly through the breed's weekly national cattle evaluation at www.angus.org.

How do you know if EPDs are genomic-enhanced?

Ask your breeder, refer to the registration paper, or look for the AGI GE-EPD logo, Angus GS™ powered by partner Neogen GeneSeek or the HD50k or i50k by partner Zoetis.

Molly Rotenberger took second place at the North Dakota High School Rodeo Finals. Photo by Craig Mailey

Madison makes a tough run at the North Dakota State High School Finals. Photo by Craig Mailey

Molly (right) and Madison Rotenberger will both jump off Handy at the National High School Finals Rodeo in Rock Springs, Wyoming in July.

Sister Thing: Rotenberger girls 1 and 2 in North Dakota High School goat tying

by Brenna Ramsden for Tri-State Livestock News - July 5, 2018

Molly Rotenberger says her last 15 years have been all about being better than her sister. 17-year-old Madison Rotenberger's competitive spirit makes her a worthy rival, but Molly is up to the task.

The pair from Ludlow, South Dakota, took first and second in goat tying at the North Dakota High School Finals Rodeo, earning them each a spot at the national competition in Rock Springs, Wyoming, July 15-21, 2018.

Anyone with a sibling knows that it is not always easy to work together. For the Rotenberger sisters, they say working together is what makes them better.

"It's friendly competition, and I always have a partner to train with," said Madison.

"We do everything together," said Molly, "it's great because everything we do gets done twice as fast."

Rodeo runs deep in the Rotenberger family. The girls say they started riding horses before they could even crawl, and their parents have always been involved in the sport. From day one, Molly says her sister Madison is what has kept her reaching for the stars.

"I always wanted to be as good as my sister," said Molly, "If not better. She set the bar high for me."

Molly said her goal for her first year of high school rodeo was to beat her sister, even if it was only by a point. The older Rotenberger sister won the North Dakota High School Finals Rodeo by a stretch of 10 points, but Molly says their practicing together is what prepared her to take second place.

The two sisters rodeo together, show goats together, work cattle together and even share a horse for goat tying. The elder sister trained their mare, Handy. Not only can they jump off Handy to tie goats, but they also break-away rope, team rope, pole bend and do ranch work on her at times. The horse has earned her spot on the Rotenberger Ranch.

"That horse will be here until the day she dies," said Molly.

Madison said the training process for Handy was an easy one.

"That horse is just so smart," said Madison.

Training started when Madison attended a goat tying clinic put on by their neighbor Kayla Nelson. Handy was picked up for the day to test out as a breakaway horse. Madison took a few trips down the fence while swinging her leg over, and then a few more with full dismounts. It wasn't long into the day when it was discovered Handy would be quite the goat tying partner.

"It took her maybe two hours to figure out," said Madison, "Most horses can't figure it out that quickly."

The youngest Roteneberger child, Riggs, also uses Handy as his breakaway and team roping horse. She serves as a backup to Madison and Molly if anything were to happen to their other horses.

"Because of rodeo, you need multi-event horses," said Madison "She is a horse who can do many different things."

Handy can take the girls to first and second place in goat tying and still run 21-second poles. Madison says there are a few younger horses on the ranch now being trained by the girls. The goal is for those horses is to make it to the "A-Team": the Rotenberger sister rodeo string.

Madison and Molly both hope to continue their rodeo careers into college. Madison is hoping to get here on a scholarship, and Molly has a few years to consider her options. One thing Molly has considered: Handy going away to school with Madison next year.

"I don't know if there will ever be another horse like her," said Molly.

Molly is on the lookout for a horse of her own now, with a hope to make it to National Finals in the upcoming years. She would then like to compete in college, just like her mom.

"My mom was wicked awesome, and that is what I hope to be," said Molly.

Going to national level rodeos is nothing new for Madison, this will be her fourth trip to one. She attended twice in junior high, and qualified last year for the National High School Rodeo. She says the lights, sounds and pictures won't be throwing her off her game this year.

Molly on the other hand,

will be attending for the first time as a high school competitor. She says she hated goat tying until her 8th grade year when she was the North Dakota State Junior High Champion. Now, she has big goals for the National Finals.

"I am pretty nervous" said Molly, "I want to have fun and make it to the short go at least."

Both sisters say each trip is a family affair, with their real family and they rodeo family they have been competing with for years. This year, the Rotenberger family will have a nice getaway to Rock Springs, where the sisters will tie fast and cheer loud for one another.

Donor Cows

The Spruce Hill Donor cows have allowed us to create greater quality in volume. Over the years many of our top sellers have come from our ET program. The daughters out of our ET program have proven to be a tremendous asset to our cow herd.
